The screenshot shows the e-Secretaria website interface. At the top right, it says "e-Secretaria". Below that, there are navigation links for "Main page", "Contact", and "FAQ", and language options for "Català" and "Español". A search bar is visible. On the left side, there is a vertical menu with options: Home, Notices, My details, Document input (highlighted), Academic Record, Enrolment, Evaluation, and Course guide. The main content area is titled "Document input" and "DOCUMENTS". A blue information box states: "In this section you can send your personal documentation that you think you should submit or that your school has requested. Documents that are 15 days unvalidated will be removed from the system." Below this, a yellow box says "There is no document to show." At the bottom, there is a "Document input manual" link and two buttons: "Add" and "Submit for validation".

[PRIOR APPOINTMENT](#)

Enrolment information

If I am admitted, will I be able to enroll in the master's degree, even if I have still pending to pass the Bachelor Thesis(TFG)to be graduated?

Only those students that can officially prove that they have paid the Bachelor Title fees will be allowed to enroll. But only for UPC BACHELOR students:

The modification of the ETSETB masters 'regulation (*) establishes that **it will only be allowed to enroll** the Bachelor's UPC students (on the days established for each semester without the need for a place reservation) **if the only remaining ECTS to pass are exclusively those of the bachelor thesis (TFG)** and only if the student can prove that the BACHELOR Thesis is correctly enrolled. All the other ECTS have to appear officially passed in your academic transcript in order to be allowed to enroll.

() the Point 1.2. Access to the master's degree studies of the [NAGRAMA](#) establishes that "The center responsible for the degree may define additional conditions on the credits pending, or not allow access"*

In view of the special circumstances, the necessary means will be enabled so that the late readings can begin the master's degree only if it's approved by the master TUTOR and master coordinator by requesting and **paying the Place Reservation fees** in the event of the day of registration they are not yet graduated.

- ✓ Students that **present their bachelor final thesis after enrolment date** :
 - ✓ These students must contact their tutor to inform of this situation and determine the subjects they will follow.
 - ✓ Request [SEU-ELECTRONICA](#) a "Reserva de Plaça /Place Reservation" until they enroll, otherwise their place will be given to those candidates in the waiting list.
(https://seuelectronica.upc.edu/ca/Tramits/Instancia_Director_Directora_Dega_Degana_Academics)
 - ✓ Will be allowed to enroll later (loosing the ranking enrolment order: with no right to reserve places in any specific subject or groups) but **October 31 the latest!**
 - ✓ They must proved with the **DIGITALLY SIGNED certificate** that they have paid the fees for the issuing of the Bachelor's diploma. Otherwise they won't be able to enroll.

BANK ACCOUNT ASSOCIATED WITH THE SEPA PAYMENT ORDER

If you wish to pay your enrolment fees from an account in any country in the Single Euro Payments Area (SEPA), we require written authorisation from the account holder in the form of a standard SEPA payment order. This document is essential if you wish to pay by direct debit or in instalments. If you wish to pay your enrolment fees using a barcode or by credit card at any of our collaborating banks (Santander or La Caixa), you do not need this document.

Remember that you must submit the printed and signed document to your school for the account to be activated.

In this section you will be able to see when the payment order has been validated by the University's administrative services. From this point on you will be able to choose to pay by direct debit or in instalments.

If you make a mistake, you will have to add a new account. Once the new account has been validated, the other account will NOT be active. In addition, all outstanding payments will be taken from the new account. [Hide](#)

NON-RESIDENT FOREIGN STUDENTS WHO ARE NOT NATIONALS OF EU

The cost per credit for non-resident foreign students who are not nationals of EU member countries is 1.5 times the standard credit cost

Fees for foreign students aged over 18 who are not residents and are not EU nationals or covered by the European community regime may reach 100% of the real cost of university master's degree teaching, without prejudice to the principle of reciprocity.

[More information \(Spanish\)](#)

Tuition surcharge for non-resident foreign students who are not nationals from the European Union member states

This surcharge will be applied to non-resident foreign students, not nationals from the European Union member states who enroll in a university master's degree program. The cost of one credit will be 1,5 times the ordinary cost assigned to credits of level III master's programs by the tuition and fees decree.

The price charged for each credit had the surcharge been applied in the current academic year would have been about 78 Euros.

The surcharge will be waived on the following grounds, provided supporting documentation is submitted:

1) Students who are nationals from any European Union member state. The original and a photocopy of a valid passport must be submitted. You may check EU member states at the official EU website. At the time of publication of this document (January 2012), these states are: Austria (1995), Belgium (1952), Bulgaria (2007), Cyprus (2004), Czech Republic (2004), Denmark (1973), Estonia (2004), Finland (1995), France (1952), Germany (1952), Greece (1981), Hungary (2004), Ireland (1973), Italy (1952), Latvia (2004), Lithuania (2004), Luxembourg (1952), Malta (2004), Netherlands (1952), Poland (2004), Portugal (1986), Romania (2007), Slovakia (2004), Slovenia (2004), Spain (1986), Sweden (1995), United Kingdom (1973).

2) Foreign students from other countries who are able to prove permanent residence in Spain for more than five Years through a certificate issued by the Government Representation Office.

Once you have the NIE you must bring us a photocopy:

- ✓ Although as required by the normative we introduce your NIE in the system, it does not change your nationality consequently the application of the surcharge is for all your stay.

(Approved at the plenary session of the Board of Trustees on 11 June 2013)

Introduction

[Article 46.3](#) of Organic Law 4/2007, of 12 April (BOE of 13 April 2007), modifying Organic Law 6/2001 on Universities (BOE of 24 December 2001) and Article 123 of the Statutes of the Universitat Politècnica de Catalunya, approved in [Decision 43/2012](#), of 29 May (DOGC no. 6140, of 1 June 2012), attribute to the Board of Trustees the power to establish the rules that govern academic progress requirements for students at the University.

The University must aim to make good use of the public funds entrusted to it, ensuring that its graduates acquire an appropriate academic level and fulfilling its role as a public service by facilitating admission to as many students as possible. It must establish mechanisms for ensuring that its students acquire an appropriate academic level and must be sufficiently demanding to make responsible use of the resources placed at its disposal.

6.1. Scope

These regulations are applicable to all students enrolled in official master's degrees at the UPC. The conditions for joint master's degrees between the UPC and other universities will be established in the specific agreement applicable in each case.

6.2 Minimum academic progress during the first academic year

Taking into account the different types of master's degrees, the school or university research institute shall establish and publish the minimum academic progress requirements for the first year of a master's degree or double master's degree. Notwithstanding the above, as a general rule students **must obtain at least 15 ECTS credits**.

The minimum academic progress requirements must be met irrespective of the terms of enrolment and any recognised credits awarded: the committee will consider all credits for which students are enrolled, including subjects and/or learning activities from the master's degree curriculum and complementary activities established by the school or university research institute in each student's personalised academic pathway. Validated, adapted, recognised and waived credits will not be considered in the case of academic progress.

Students who do not meet the minimum academic progress requirements will not be permitted to continue their degree at the UPC.

6.3. Maximum period of study

Each school or university research institute shall establish and publish the maximum study period granted to students in order to obtain the corresponding degree or double degree.

The educational cooperation agreements regulate the external academic internships, an activity with a **formative nature** that should allow students **to place and complement the knowledge** acquired in their academic training in order to get the **acquisition of competences** that prepare them for the exercise of professional activities, they ease their **employability** and promote their **innovative capacity**. In the school's study plans internships are not mandatory, although we recommend that they are carried out to acquire experience and skills in the future to incorporate into the labor market. Approximately every academic year 25% of our students carry out external academic internships.

• On arrival

Registration as a resident of a town or city, registration as a citizen of the European Union, applications for the Foreigner Identification Card (*Tarjeta de identidad de extranjero*, TIE) and Foreigner Identification Number (*Número de identificación de extranjero*, NIE) or equivalent certificate.
