For face-to-face lectures, restricted simultaneous attendance may be increased up to a maximum of 50% of students, which must not be exceeded at any of the schools, if strict protection measures are adhered to. Near the end of the academic year, each of the UPC's schools may establish its own additional specific guidelines, which must be communicated to students via the usual information channels.

In the coming weeks, in view of the evolution of the pandemic, information will be given on the 2021-2022 academic year at the UPC and the measures that will be taken to continue to guarantee the safety of the entire university community.

IF I DEFEND THE BACHELOR THESIS IN SEPTEMBER/OCTOBER: how does it affect my master's degree enrollment?

In view of the special circumstances arising from the pandemic situation, the necessary means will be enabled so that the late readings can begin the master's degree only if it’s approved by the master TUTOR and master coordinator by requesting and paying the Place Reservation fees in the event of the day of registration they are not yet graduated.

✓ Students that present their bachelor final thesis after enrolment date:
  ✓ These students must contact their tutor to inform of this situation and determine the subjects they will follow.
  ✓ Request E-SECRETARIA a “Reserva de Plaça /Place Reservation” until they enroll, otherwise their place will be given to those candidates in the waiting list.
  ✓ Will be allowed to enroll later (loosing the ranking enrolment order: with no right to reserve places in any specific subject or groups) but October 31 the latest!
  ✓ They must proved with the DIGITALLY SIGNED certificate that they have paid the fees for the issuing of the Bachelor’s diploma. Otherwise they won’t be able to enroll.
The Government of Catalonia will bring to the approval of the Executive Council the **new price decree for the academic year 2021-2022 which provides for a reduction of up to 40% in the official master's degrees** of public universities.

The price of the master's degrees will be per credit in first registration at **27.67 euros €**.

The fees for official master's degrees are regulated in Article 81.3.b of Organic Law 6/2001, of 21 December, on Universities, in the wording of Royal Decree-Law 14/2012, of 20 April. In the case of studies leading to official degrees that are valid throughout Spain the public fees are set by the Government of Catalonia, within the limits established by the General University Policy Conference. The fees are not approved until the beginning of July, before the start of the academic year, so the total amount to be paid cannot be determined exactly until the moment the student enrolls.

### Cost per credit and surcharge for repeat enrolment

If you need to re-enroll the credits that you have not passed, there is a **surcharge when you enroll for the second, third or fourth time**.

<table>

The cost per credit for non-resident foreign students who are not from EU member countries is **1.5 times the standard cost credit**.
The cost per credit for non-resident foreign students who are not nationals of EU member countries is 1.5 times the standard credit cost.

Fees for foreign students aged over 18 who are not residents and are not EU nationals or covered by the European community regime may reach 100% of the real cost of university master's degree teaching, without prejudice to the principle of reciprocity.
