Enrolment in Master's degree in Telecommunications Engineering (MET) on academic year 2018/2019 to change to Master's degree in Advanced Telecommunication Technologies (MATT) on September 2019

Name of the student:

Date:

On signing this form:

- I declare that I enrol in the Master's degree in Telecommunications Engineering (MET) during the academic year 2018/2019 with the purpose to change to Master's degree in Advanced Telecommunication Technologies (MATT) on September 2019.
- On doing so, I do not enrol the standard bridge courses and additional courses that my academic foreground would require to fulfil master MET.
- I'm aware that if I changed my mind and wanted to finish master MET, I will have to enrol and pass these bridge courses and additional courses on the next academic year 2019-2020.
- I know that some of the courses of master MATT will not be active during one or both semesters of academic year 2018-2019.
- I am aware that I need to repeat the admission procedures again paying the 30.21 € taxes in order to be admitted in the MATT master degree in September
- Once admitted in the MATT I am aware that I will need to request to secretaria two imperative procedures:
 1. - The recognition of credits (€54.54) in order that all the the passed credits in MET master degree are recognised in you new MATT academic record.
 - 2.-Request an Internal Transfer of the academic record.
