

ENROLMENT INFORMATION - ADMISSION LIST TO MASTER'S DEGREE IN PHOTONICS

<https://telecos.upc.edu/ca/els-serveis/secretaria-oberta/matricula/master-enrolment-new-students>

The Master in Photonics evaluation commission has evaluated all the applications by considering the compatibility of the candidate's previous degree, the academic certificate and additional merits shown in the CV and recommendation letters. This list shows the students who have been admitted to the program. This list is not binding and the student has to complete the registration procedure and meet all the academic requirements and submit original and copy or authenticated copy of all the required enrolment documents detailed below.

IMPORTANT NOTE: Due to the uncertainties and restrictions generated by the COVID-19 pandemics, lectures of the Master in Photonics will be held in a hybrid configuration: **face-to-face in the classroom, and at the same time broadcasted (live in streaming).** Exceptionally, academic course 2020_2021 will be entirely held at Universitat Politècnica de Catalunya (Campus Nord), in Barcelona (blocks 1 to 3).

Even if this master program is taught on a face-to-face basis, with this option we are prepared for the following situations:

(1) Students who cannot reach Barcelona in September can follow the courses in streaming;

(2) Professors with health or mobility problems can decide to teach on-line.

(3) If new confinement restrictions will arise, we are prepared to switch to on-line teaching. Activities that remain to be done face to face (if the sanitary regulation allows it) are: "Photonics Laboratory" and "Experimental optical techniques in biology" courses, seminars and visits to companies and research groups, and the exams (as specified in the timetable).
